III. General information on data processing

1. Scope of processing of personal data

We process personal data of our users only insofar as this is necessary to provide a functional website as well as our content and services. The processing of personal data of our users takes place regularly only with the consent of the user. An exception applies in cases where prior consent cannot be obtained for factual reasons and the processing of the data is permitted by law.

2. Legal basis for the processing of personal data

Insofar as we obtain the consent of the data subject for the processing of personal data, Art. 6 para. 1 lit. a EU General Data Protection Regulation (GDPR) serves as the legal basis.

For the processing of personal data necessary for the performance of a contract to which the data subject is a party, Art. 6 para. 1 lit. b GDPR serves as the legal basis.

This also applies to processing operations that are necessary to carry out pre-contractual measures.

Insofar as the processing of personal data is necessary to fulfil a legal obligation to which our company is subject, Art. 6 para. 1 lit. c GDPR serves as the legal basis.

In the event that vital interests of the data subject or another natural person require the processing of personal data, Art. 6 para. 1 lit. d GDPR serves as the legal basis.

If processing is necessary to safeguard a legitimate interest of our company or a third party and if the interests, fundamental rights and freedoms of the data subject do not outweigh the first-mentioned interest, Art. 6 para. 1 lit. f GDPR serves as the legal basis for the processing.

3. Data deletion and storage duration

The personal data of the data subject will be deleted or blocked as soon as the purpose of storage ceases to apply. Storage may also take place if this has been provided for by the European or national legislator in EU regulations, laws or other provisions to which the person responsible is subject. The data will also be blocked or deleted if a storage period prescribed by the aforementioned standards expires, unless there is a need for further storage of the data for the conclusion or fulfilment of a contract.

IV. Provision of the website and creation of log files

1. Description and scope of data processing

Each time our website is accessed, our system automatically collects data and information from the computer system of the calling computer.

The following data is collected:

- (1) Information about the browser type and version used
- (2) The user's operating system
- (3) The user's Internet service provider
- (4) The IP address of the user
- (5) Date and time of access
- (6) Websites from which the user's system accesses our website
- (7) Websites accessed by the user's system via our website

2. Legal basis for data processing

The legal basis for the temporary storage of data and log files is Art. 6 para. 1 lit. f GDPR.

The data is also stored in the log files of our system. A storage of this data together with other personal data of the user does not take place.

3. Purpose of data processing

The temporary storage of the IP address by the system is necessary to enable delivery of the website to the user's computer. For this purpose, the IP address of the user must remain stored for the duration of the session.

The storage in log files takes place to ensure the functionality of the website.

In addition, we use the data to optimize the website and to ensure the security of our information technology systems. An evaluation of the data for marketing purposes does not take place in this context.

These purposes also constitute our legitimate interest in data processing in accordance with Art. 6 para. 1 lit. f GDPR.

4. Duration of storage

The data will be deleted as soon as they are no longer necessary to achieve the purpose for which they were collected. In the case of the collection of data for the provision of the website, this is the case when the respective session has ended.

If the data is stored in log files, this is the case after seven days at the latest.

Further storage is possible. In this case, the IP addresses of the users are deleted or alienated, so that an assignment of the calling client is no longer possible.

5. Possibility of objection and removal

The collection of data for the provision of the website and the storage of data in log files is absolutely necessary for the operation of the website. Consequently, there is no possibility of objection on the part of the user.

V. Newsletter

1. Description and scope of data processing

On our website it is possible to subscribe to a free newsletter. When registering for the newsletter, the data from the input mask will be transmitted to us.

In addition, the following data is collected during registration:

- (1) IP address of the calling computer
- (2) Date and time of registration

For the processing of the data, your consent is obtained as part of the registration process and reference is made to this data protection declaration.

There is no transfer of data to third parties in connection with data processing for sending newsletters. The data will be used exclusively for sending the newsletter.

2. Legal basis for data processing

The legal basis for the processing of the data after registration for the newsletter by the user is Art. 6 para. 1 lit. a GDPR if the user has given his consent.

3. Purpose of data processing

The collection of the user's e-mail address serves to deliver the newsletter.

The collection of other personal data as part of the registration process serves to prevent misuse of the services or the e-mail address used.

4. Duration of storage

The data will be deleted as soon as they are no longer necessary to achieve the purpose for which they were collected. The user's e-mail address is therefore stored as long as the subscription to the newsletter is active.

The other personal data collected as part of the registration process will usually be deleted after a period of seven days.

5. Possibility of objection and removal

The subscription to the newsletter can be terminated by the user concerned at any time. For this purpose, there is a corresponding link in each newsletter.

This also makes it possible to revoke the consent to the storage of personal data collected during the registration process.

VI. Contact form and e-mail contact

1. Description and scope of data processing

There is a contact form on our website, which can be used to contact us electronically. If a user makes use of this option, the data entered in the input mask will be transmitted to us and stored.

These data are:

- (2) User's telephone number
- (3) E-mail address of the user

At the time of sending the message, the following data is also stored:

- (1) The IP address of the user
- (2) Date and time of registration

For the processing of the data, your consent is obtained as part of the sending process and reference is made to this data protection declaration.

Alternatively, it is possible to contact us via the e-mail address provided. In this case, the user's personal data transmitted with the e-mail will be stored.

In this context, the data will not be passed on to third parties. The data will be used exclusively for the processing of the conversation.

2. Legal basis for data processing

The legal basis for the processing of the data is Art. 6 para. 1 lit. a GDPR if the user has given his consent.

The legal basis for the processing of data transmitted in the course of sending an e-mail is Art. 6 para. 1 lit. f GDPR. If the e-mail contact is aimed at the conclusion of a contract, the additional legal basis for the processing is Art. 6 para. 1 lit. b GDPR.

3. Purpose of data processing

The processing of personal data from the input mask serves us solely to process the contact. In the case of contact by e-mail, this also constitutes the necessary legitimate interest in the processing of the data.

The other personal data processed during the sending process serve to prevent misuse of the contact form and to ensure the security of our information technology systems.

4. Duration of storage

The data will be deleted as soon as they are no longer necessary to achieve the purpose for which they were collected. For the personal data from the input mask of the contact form and those sent by e-mail, this is the case when the respective conversation with the user has ended. The conversation is terminated when it can be inferred from the circumstances that the facts in question have been conclusively clarified.

The additional personal data collected during the sending process will be deleted after a period of seven days at the latest.

5. Possibility of objection and removal

The user has the possibility to revoke his consent to the processing of personal data at any time. If the user contacts us by e-mail, he can object to the storage of his personal data at any time. In such a case, the conversation cannot be continued.

The revocation of consent and the objection to storage can be made informally both orally and in writing.

All personal data stored in the course of contacting us will be deleted in this case.
